

AUMUND worldwide

The AUMUND Group is active worldwide in the sphere of conveying and storage of bulk materials with locations in Germany, Great Britain, China, Brazil, USA, India, France, Russia, Switzerland, U.A.E. and has a worldwide network of representatives.

Since its founding in 1922 the name AUMUND has stood for superbly designed solutions, quality and innovation. A particular strength is the customer oriented service which plays a critical role in the reliability of continuous manufacturing processes, guaranteeing disruption-free operation. AUMUND Group products are in successful operation worldwide in over 18,000 installations. All products are subject to strict quality standards. Thanks to a global procurement system, detailed knowledge of local markets and utilisation of local manufacturing capacities this results in first-class, efficient solutions, on time and economically.

With the AUMUND Group as project partner you receive world-class level technology and competent support on site, customised to your specific requirements.

AUMUND Representative Offices

AUMUND Representative Offices are, in addition to subsidiary companies, important partners when it comes to intensive customer support in important markets. In conjunction with the representative offices working worldwide for the group they form the global AUMUND sales network.
