## Another Large Order from PhosAgro Metachem for AUMUND

Rheinberg/Germany, March 2020

PhosAgro has ordered eight Chain Bucket Elevators for its Metachem Plant near St. Petersburg in Russia from AUMUND Fördertechnik GmbH. In 2014 AUMUND received its first order from the Russian fertiliser industry from the PhosAgro Metachem Plant. Building on this excellent reference, AUMUND has also supplied equipment to the PhosAgro plants at Cherepovetz and Balakovo in recent years.

The large order from PhosAgro Metachem comprises eight AUMUND Bucket Elevators with Central Chain type BWZ, for handling MAP (monoammonium phosphate) and DAP (di-ammonium phosphate). The Bucket Elevators are between 18 and 43 m high and the capacities range from 100 to 400 tph of MAP and DAP. Five of the Bucket Elevators have already been dispatched, and the others will follow shortly.

The relationship between the AUMUND Group and PhosAgro also extends to Group member SCHADE Lagertechnik GmbH, which has previously supplied Reclaimers to the Cherepovetz plant.

## PRESS RELEASE
